"Keep pushing. It is the only way. The first time is the hardest." A arranged marriage. A brooding, hulk of a Russian businessman discovers his beautiful young wife has strayed from their vows. He quickly introduces her to the old family ways, and new vows which will have her over his knee, punished with his heavy hand and a thick enema before the evening is over. After her humiliating punishment, Ariana's husband gives her another huge reminder of just who is in charge in their marriage. Will a good red bottom spanking in front of the entire family along with her first diaper, have Ariana ready to step into her new life of total submission, or will she refuse their new strange vows and find herself alone without a home? Or, will she find her new Daddy is exactly what she has needed all along? This book contains scenes of domestic discipline, ageplay, daddy play, enema punishment, over the knee spanking in front of a group, diapering and sex.
