Author Dan Nestlerode has been shaping investment portfolios for people from all walks of life and all income brackets for nearly fifty years. Now he offers you a simple, essential, step-by-step process to help you become a savvy, smart and successful investor. Beginning right now you can eliminate chance as a major player in your investment future and learn the language, statistics and strategy necessary to tilt the odds of successful investing vastly in your favor.

If you want to make your money grow, discard your old, comfortable assumptions and get ready for a fast, fun and deeply insightful adult education course in investment strategies. Dan Nestlerode will provide any investor with the confidence to build a successful retirement and have fun along the way. ~ Paul Bedard (Columnist, Washington Examiner)
