The most ferocious terrorist organization ever, ISIS, is now operating in 15 countries. The FBI has warned there are ISIS plots being investigated in all 50 states. Against the will of the majority of Americans, a rogue president signed an agreement with Iran allowing it a clear path to take out cities on the United States mainland. Is the United States doomed? No, but we have a lot of work to do.

Read why Islam has always had a history of brutal conquest followed by defeat and how the West, under better leadership, can prevail in this coming clash with resurgent militant Islam. The world is in desperate need of a Muslim reformation. Learn how and where it has finally begun.
